Background

While the Department of Health advises that the risk of transmission in Australia remains low; they are monitoring the situation and we are acting on their advice to take any necessary precautions for schools and our staff.

Current position

Students and Staff

Students or staff cannot attend school if they have:

- a) left or transited through **mainland China** in the last 14 days, they must isolate yourself for 14 days from the date of leaving mainland China **OR**
- b) left or transited through **Iran** on or after 1 March, they must isolate for 14 days after leaving Iran; and
- c) been informed by public health authorities that they have been in close contact with a confirmed case of coronavirus, must isolate for 14 days after the date of last contact with the confirmed case.

The above also applies to all parents/carers, contractors, visitors and volunteers on school sites.

Parents/carers and staff should notify their school if the student or staff member will be away for the isolation period and confirm the date in which they were last in the mainland China or Iran.

A medical certificate is not required to return to school.

Parents/carers should notify their school, and schools should record the absence as a Reasonable absence (code R).
