We have also decided to use the Safe WA app to keep records of adult attendees (those over 16 years old) at both assemblies. You will need to have the app installed on your phone and then scan the QR code at the entry points to the covered assembly area. We do not receive or keep any data regarding attendees and the data is held for a period of 28 days on secure servers and only accessed by WA Health Contact Tracers if needed. Details of the app and the download instructions

are available at www.wa.gov.au/safewa
