

Life In Focus Events presents...

## Real Kids in an Unreal World

with Maggie Dent

### Building Resilience and Self-Esteem in Today's Children (10 Resilience Building Blocks)

Children need to have certain basic experiences to build the competencies that will help them manage life — the good, the bad and the ugly. Popular Australian parenting author and educator Maggie Dent published her bestselling book, *Real Kids in an Unreal World*, to help guide parents in raising children who are happy, healthy, strong, kind and resilient. In this seminar, Maggie will explore her common-sense, practical model of 10 building blocks for children birth-12.

She will present practical, common-sense ideas and strategies to make small changes in your home or classroom/centre, which will make a big difference to your children's cognitive, physical, psychological, emotional and social health later in life.
